

## Tropical Software releases TopXNotes touch 1.2.1 for iOS

Published on 11/01/12

Tropical Software today announces TopXNotes touch 1.2.1, an update to their award-winning personal note managing system for Mac, iPhone, iPod touch and iPad. TopXNotes touch features basic note creation and editing in landscape and portrait modes, directly emailing a note from the app, backup/restore to the device, clickable hot links, and note synchronization with TopXNotes for Mac. Now with NoteZoom, you can adjust the font size on the go as you hurry to the next destination.

Atlantic Beach, Florida - Tropical Software today is proud to announce the release of TopXNotes touch for iPhone and iPod touch, now with NoteZoom, is now available in the Apple iTunes store. This is the first of a series of companion products we plan to release for Apple touch devices.

TopXNotes touch features basic note creation and editing in landscape and portrait modes, emailing a note from TopXNotes touch, backup/restore to the device, clickable hot links, and note synchronization (NoteSync) with TopXNotes for Mac. Now you can have your notes "on the go", create new notes, edit notes, delete some and keep them in sync with your Mac's notes. This release of TopXNotes touch for iPhone and iPod touch, with retina graphics updates, compliments the release of TopXNotes 1.7.5, the latest update to its award-winning personal note manager for Macintosh.

TopXNotes touch also works perfectly with Apple's latest iOS 6 and TopXNotes touch even supports the latest iOS spell checking. When combined with TopXNotes for Mac customers can synchronize notes between one Mac and multiple devices running TopXNotes touch including iPhone, iPod touch and/or iPad.

Now with NoteZoom you can adjust the font size on the go as you hurry to the next destination. Included in NoteZoom is a the ability to choose from all of the fonts supported in the iOS.
