

## **XChange UK Announce Extension on Enfocus Amnesty Upgrade Program**

Published on 04/04/09

XChange International are pleased to announce the extension of a popular and significant upgrade amnesty programme from Enfocus Software. For the first time ever, Enfocus Software are offering an upgrade amnesty on three of their most popular products, PitStop Professional, PitStop Server and Instant PDF. Until the 30, June 2009, any prior version of these three products can be upgraded to the current version. This represents savings of more than 50% off the normal cost.

London, UK - XChange International, the source for extended technology worldwide are pleased to announce the extension of a popular and significant upgrade amnesty programme from Enfocus Software. For the first time ever, Enfocus Software are offering an upgrade amnesty on three of their most popular products, PitStop Professional, PitStop Server and Instant PDF. Until the 30th June 2009, any prior version of these three products can be upgraded to the current version. This represents savings of more than 50% off the normal cost of purchasing a new copy.

"XChange and Enfocus are pleased to be able to extend this exceptional programme to help users increase their productivity and decrease their costs. During these troubled economic times, we have had a phenomenal response from users taking advantage of this opportunity to save while bringing their software to the most current versions. Users can receive the best value-for-money solutions to streamline their workflow and boost their profitability," states Tami Stodghill, XChange International Press Relations Manager. "Since the Enfocus products also offer an immediate return on investment, this programme has been extended to give every user an opportunity to appreciate the savings."

Enfocus PitStop Professional 08 is an Adobe(R) Acrobat(R) plug-in indispensable for every graphic arts and publishing professional. Its interactive and automated editing capabilities allow everyone to perform advanced PDF editing and correction up until the very last moment. PitStop Professional offers the most comprehensive and intuitive preflight experience available. Its powerful Certified PDF(R) technology provides immediate visual feedback and allows tracking of every edit made to a PDF. Having proven to be a real job-saver, PitStop Professional offers immediate return on investment.

Enfocus PitStop Server 08 is a powerful automation tool for preflighting and editing groups of documents based on user-definable Profiles and Action Lists. When users need to process and monitor a large volume of PDF documents, Enfocus PitStop Server is the solution that brings the efficiency of automated workflows to PDF. Enfocus PitStop Server is a stand-alone application with the most powerful multi-document preflight and editing features available. Users simply drop their PDF into a hot folder and Enfocus PitStop Server will automatically process the file.

Enfocus Instant PDF 08 makes production of press-ready PDFs so easy, users no longer need an apprenticeship in pre-press and printing to feel sure their files will output correctly. In fact, if they're using Adobe(R) InDesign(R), Adobe(R) Illustrator(R), QuarkXPress(TM) or Adobe(R) Acrobat(R), it's as simple as choosing "Save as Certified PDF..." under the File menu and selecting the PDF Queue required by their print vendor. Instant PDF 08 will even deliver the press-ready PDFs directly to their printer's e-mail inbox, FTP server or even Enfocus PowerSwitch automated workflow without the user having to do anything additional. Users now have more time to work with the features in the creative applications that they actually enjoy using.

The amnesty upgrade offers are available now through XChange International via electronic delivery worldwide. To order, or for more information, users can visit the website, or
