Initially created for PC and released for iPad, Realore's critically acclaimed title All my Gods gets a Mac release. A blend of city building strategy and god-sim, in All my Gods the players mission is to take up the role of a young aspiring godling and build a great Empire. Players will encounter memorable characters from Roman mythology. Some of them will become mentors, some will be enemies, and some may turn out to be a potential love interest.

Klaipeda, Lithuania - Initially created for PC and released for iPad, Realore's critically acclaimed title All my Gods gets a Mac release. The game has topped the charts of major game portals for weeks and is translated into six languages to make it accessible for players all around the world.

All my Gods is a blend of city building strategy and god-sim. The game begins when one of the oldest gods, Saturn, decides to retire and wants his son to take his place. Players take up the role of a young aspiring godling. They should prove that they deserve to receive divine powers and other Roman gods' trust. The mission is to build a great Empire. To reach the main goal and make the civilization prosperous, players should use clever city management and divine powers. They can acquire access to technology and new structures. The powers received from other gods will enable players to create miracles, take care of citizens' needs and protect them from attacks. Players will encounter memorable characters from Roman mythology. Some of them will become mentors, some will be enemies, and some may turn out to be a potential love interest.

Game features:

- \* City building strategy/god-sim gameplay
- \* Using divine powers and creating miracles
- \* Original characters from Roman mythology
- \* Detailed graphics and animations
- \* Romantic love story
- \* Unlockable achievements

"We are very proud that our god-sim strategy title is finally released for Mac. All my Gods is a really fun game and now it's available to even more players. Maybe now it's time to think of the sequel?"- said Natalia Matveeva, head of business development at Realore.
