

Hado Labs releases Snowflakes 1.0 for iPad with Retina display

Published on 11/20/12

Seattle-based Hado Labs today introduces Snowflakes 1.0, an elegant new entertainment app developed for iPad. Independently engineered and artistically designed, Snowflakes generates more than 9,000 unique and beautifully realistic snowflakes, with intricate ice-like structural details. Easily create single snowflakes with three levels of detail or layer multiple snowflakes to build rich textural effects. Save your compositions to your iPad or share instantly via Facebook, Twitter or email.

Seattle, Washington - Hado Labs today is thrilled to introduce Snowflakes 1.0, an elegant new entertainment app developed for iPad with Retina display. Independently engineered and artistically designed, Snowflakes generates more than 9,000 unique and beautifully realistic snowflakes, with intricate ice-like structural details. With the touch of a finger, you can create single snowflakes with three levels of detail or layer multiple snowflakes to build rich textural effects. Save your high-resolution snowflake compositions to your iPad or share instantly via email, Facebook or Twitter.

?

design engine, which renders the skeletal, ice-like structure of snowflakes with ethereal realism. No other app on the market produces such intricate, realistic snowflakes.

In Single mode, create up to 9,621 single snowflakes with three levels of detail. Multiple background effects and millions of color choices infinitely increase the design possibilities. Multi mode allows the possibility to layer snowflakes in multiple size and color combinations to create complex textural compositions. Move, scale and view snowflake designs in full 2048x1536 Retina display.

Use your high-resolution Snowflake compositions in your holiday greetings by saving them to your iPad, or share your images instantly with your friends via email, Facebook and Twitter.

Snowflakes features:

- * Elegant, intuitive interface
- * Two drawing modes: Single mode or Multi mode
- * Create up to 9,621 unique snowflakes in Single mode
- * Build rich textural effects with layers of snowflakes in Multi mode
- * Scale and move snowflakes with the touch of a finger
- * Select from 15 different backgrounds
- * Create millions of custom colors
- * Up to 10 levels of Undo
- * Erase feature
- * View stunning details with iPad's 2048x1536 Retina display.
- * Save high-resolution images to your iPad
- * Share instantly via email, Facebook or Twitter

Device Requirements:

- * Requires iPad with iOS 6.0 or later
- * 28.3 MB
