About Cafe International for iOS:

The legendary game (Board Game of The Year 1989 Germany, over one million sold) is back, a fun and challenging strategic board game for iPhone and iPad!

Using the officially licensed caricatures from the original board game, you'll find that not every guest wants to sit next to each other in Cafe International. So it's up to you to keep everyone happy, by seating them at the right tables, according to their nationality and gender to score maximum points.

Every puzzle fan will simply love Cafe International! Although the rules are straightforward and the game is easy to play, it's sure to challenge even the most strategically gifted minds. To be awarded maximum points, you'll need to clear as many tables as possible by really thinking about where to seat your randomly chosen guest cards...

Cafe International is packed with endless fun - it's the perfect way to test your strategic might against friends, family and colleagues!
