

## Zevrix Solutions Joins Adobe Solution Partner Program

Published on 06/12/07

In the continuing effort to provide quality and excellence for its customers, Zevrix Solutions is proud to announce the participation in Adobe's Solution Partner Program. In addition to promoting its brand, Zevrix Solutions dedicates itself to the organizational goal of providing productivity solutions for the graphic arts community. The Adobe Solution Partner Program benefits partners who extend, enhance and support Adobe products and technologies in the solutions they deliver to customers.

Toronto (ON), Canada - June 9, 2007 - Zevrix Solutions is proud to announce its participation in the Adobe Solution Partner Program. This strategic alliance is a conscience effort to demonstrate the company's dedication to its customers by leveraging access to Adobe's developer core, as well as strengthen the Zevrix brand in the graphic arts community.

The Adobe Solution Partner Program benefits partners who extend, enhance and support Adobe products and technologies in the solutions they deliver to customers. As a Premium member, Zevrix Solutions recognized the additional benefits and opportunities Adobe's program provides. And by integrating new technologies into their products, Zevrix Solutions is able to extend their reach as well as provide superior support.

Enlisting the expertise of design firm Onlinelogo.com (Tampa, Florida), Zevrix also unveils its new logo. The Zevrix logo features a clean yet powerful symbol that is able to stand alone, or be used in combination with the logo text for an equally impressive statement. The symbol conveys strength through its stark simplicity and indicates the easing of processes through a forward motion of the gray data-dot which forms a white "Z". A rigid, modern font is used in combination with a red and gray color scheme in order to convey cutting edge technology while maintaining the overall inviting feel which Zevrix clientele have come to trust.

Zevrix Solutions' products are quickly gaining strong popularity and exceptional reputation:

- \* BatchOutput: Automate printing, export to PDF and saving to PostScript of multiple InDesign documents.
- \* LinkOptimizer: Reduce the size of images linked to InDesign document.
- \* InPreflight: Preflight solution for InDesign.
- \* ArtOptimizer: Reduce the size of images linked to Adobe Illustrator document.

All products are Universal Binary, available for Mac OS X 10.4.2 and higher and work with Adobe InDesign CS, CS2 and CS3.

Zevrix Solutions provides productivity solutions for graphics industry which allow professionals to achieve more while doing less. Zevrix' tools help automate everyday tasks, produce error-free documents, save disk space and cut production costs.
