

## **Annoy Your Friends, Attack Your Enemies: Sonic Attack for iPhone, iPad**

Published on 01/10/13

Independent developer of iOS applications and games, Brandon Abbott has released Sonic Attack 1.0, his new entertainment utility app. Sonic Attack is a universal app available for all iOS devices. Sonic Attack comes equipped with 6 ear piercing sounds that are sure to leave unsuspecting victims grabbing their ears and begging for mercy. Use Sonic Attack's timed attack mode to delay an attack by up to 60 seconds giving the attacker plenty of time to get away before an attack begins.

San Francisco, California - Brandon Abbott, an independent developer of iOS applications and games, has announced his latest app, Sonic Attack 1.0, a universal app available now in the App Store for the iOS family of devices. Sonic Attack generates ultra high pitched sound that is sure to leave unsuspecting victims grabbing for their ears. With 6 ear piercing options to choose from no one is safe! Annoy your friends and attack your enemies!

Want to attack without getting caught, use Sonic Attack's timed attack mode and delay an attack by up to 60 seconds giving the attacker plenty of time to escape to safety.

### Features:

- \* 6 ear piercing sound options
- \* Timed attack mode allows a delayed attack for safe escape
- \* Universal app for both iPhone & iPad
- \* Beautifully rendered retina graphics
- \* Simple to use interface

### Device Requirements:

- \* iPhone 3GS/4/4S/5, iPod touch (3rd/4th/5th generation), and iPad
- \* Requires iOS 5.0 or later
- \* Universal app optimized for display on all iOS devices
