

New Exciting Hidden Objects Game For iPad

Published on 01/11/13

iOS development company, Internet Design Zone today introduces Hidden Objects: Paintings 1.0, its new hidden objects game developed for iPad. The player has to try and find all the hidden objects in the minimum possible time. Featuring twenty levels, each level has a classic painting by a famous artist of the past, and every painting has ten objects carefully hidden inside. It will be tough to spot them, but that's the challenge of this game.

Mumbai, India - Internet Design Zone, an iOS app developer company, today is happy to announce the release and immediate availability of Hidden Objects: Paintings 1.0, its new hidden objects game developed for iPad. People who like playing hidden objects games on the iPad will find this app a new challenge for them.

The game has twenty levels. Each level has a classic painting by a famous artist of the past. Every painting has ten objects carefully hidden inside. It will be tough to spot them, but that's the challenge of this game. Some objects may be right in front of their eyes, but players will still take time to spot them. Hints are available. A haunting background music adds to the overall experience of sleuthing around. The player has to try and find all the hidden objects in the minimum possible time. Completion of one painting unlocks the next painting.

Features:

- * Free to download and try out
- * Hints available one at a time
- * 10 objects carefully hidden in every classic painting
- * Complete one level to move to the next
- * Spooky background music to add to the effect
- * 20 classic paintings in all (5 free, remaining 15 available via a single in-app purchase)

People will love this app because of the tough challenge of finding the objects.

Device Requirements:

- * Compatible with iPad
- * Requires iOS 4.3 or later
- * 63.7 MB
