Maintain releases Cocktail 6.3 (Mountain Lion Edition)

Published on 01/16/13

Maintain today releases Cocktail 6.3 (Mountain Lion Edition), the latest maintenance update for users running OS X Mountain Lion 10.8. Cocktail is a general purpose utility for OS X that lets users clean, repair and optimize their Mac. This version adds OS X 10.8.3 compatibility and ability to clear the Quarantine Events database. The update also contains several important bug fixes and is highly recommended for all users of Cocktail (Mountain Lion Edition).

Ekero, Sweden - Maintain today is thrilled to announce the release and immediate availability of Cocktail 6.3 (Mountain Lion Edition), the latest maintenance update of Cocktail for users running OS X Mountain Lion 10.8.

Cocktail is a general purpose utility for OS X that lets you clean, repair and optimize your Mac. The application serves up a perfect mix of maintenance tools and tweaks, all accessible through a clean and easy to use interface. Cocktail's features are arranged into five categories that helps you manage various aspects of your computer. It also comes with an automatic Pilot mode that allows you to simply press a button and relax, knowing that Cocktail will take care of the rest.

What's New:
* Added ability to clear Quarantine Events database
* Fixed a problem where Cocktail may report -600 error
* Addresses an issue in which Cocktail failed to restart or shutdown the computer
* Improvements to the Pilot scheduler
* Fixed compatibility issues with Opera 12
* Added OS X 10.8.3 compatibility
* Updated Automator actions

System Requirements:
Cocktail 6.3 (Mountain Lion Edition) requires OS X Mountain Lion or OS X Mountain Lion Server (10.8). Cocktail (Lion Edition) for OS X 10.7, Cocktail (Snow Leopard Edition) for OS X 10.6 and Cocktail (Leopard Edition) for OS X 10.5 are available for download from the Maintain website.

Pricing and Availability:
Cocktail is $14.00 (USD) for a Single User License and available for purchase from the Maintain website. The license is valid for Mountain Lion, Lion and Snow Leopard and editions of Cocktail. Cocktail (Leopard Edition) is distributed as freeware and does not require a license.
