

Media Atelier releases GrandTotal 1.3 for Mac OS X - Smart Invoicing

Published on 04/29/09

Zurich based Media Atelier today announces GrandTotal 1.3, an update to their innovative invoicing solution for Mac OS X Leopard. GrandTotal is ideal for freelancers, small to mid-sized companies, or any organization that needs to generate personalized, invoices, estimates and account statements. GrandTotal sports an easy-to-use, yet sophisticated interface that will have anyone up and running in minutes. Version 1.3 is a significant update, and adds many new features.

Zurich, Switzerland - Media Atelier today announces GrandTotal 1.3, an update to their innovative invoicing solution for Mac OS X Leopard. Ideal for freelancers, small to mid-sized companies, or any organization that needs to generate personalized, invoices, estimates and account statements, GrandTotal sports an easy-to-use, yet sophisticated interface that will have anyone up and running in minutes. A wide range of word processing and layout tools makes creating handsome, customizable documents simple and quick.

With a "One Window Is Enough" philosophy, GrandTotal offers users a single window experience that lets them focus on the current task. GrandTotal features direct integration with OS X Address Book, support for multiple currencies and tax rates, a built-in catalog for recurring services and items, smart lists, as well as support for the Merlin Project Planner and Mite online time recording.

One of GrandTotal's most prolific features is its ability to inform users of past due invoices via the Dock Icon, even when GrandTotal is not running. The application sports true WYSIWYCG (What You See Is What Your Client Gets) output. With its built-in layout editor, users may easily create invoices and estimates that adopt to and match their corporate design. GrandTotal will faithfully show the user how their invoiced item will look on paper or pdf.

Feature Highlights:

- * Integration with OS X Address Book
- * Direct creation of E-mail Invoices, Estimates and Account Statements
- * Support for multiple currencies and tax rates
- * The Dock Icon informs users of past due invoices, even when GrandTotal is not running
- * Built-in Catalog for Recurring Services and Items
- * Smart Lists
- * Flexible export options
- * Support for Merlin Project Planner
- * Support for mite online time recording
- * Free iPhone Companion

Version 1.3 is a significant update, and adds many new features:

- * Payments List in Overview
- * New Advanced Preferences for Item Lists
- * User defined Notes for Grouped Items
- * Layouts now support Custom Paper Sizes
- * Invoice and Estimate Numbers can now be reset each year or month

"I can't tell you how much time and energy I have spent trying to find a program that does what Grand Total can do. My proposals and invoices look more professional than ever, and creating them is actually an enjoyable experience. I really can't thank you enough."
Matthew Mathis, USA

GrandTotal is both a stand-alone and companion application to Media Atelier's already
