Frederick, Maryland - Brannan Technical Solutions LLC and Who Else CC announce their newest free game for iPhone, iPad, and iPod touch, *Zombie Kittens of the Thirteen Colonies 1.0*. In this scrolling shooter game, players shoot kitten zombies, rat zombies, turkey zombies, and their leaders: Benedict Kitty, Lord Cornwallis Scarecrow, and the Evil Rat King George.

The Revolutionary War is over, or IS it? It looks like some enemies have come back from the dead! In this game, players help patriot Nathaniel Crane save his sweetheart, Constance Merriweather, from the evil King George and his horde of zombie kitten redcoats.

First players battle Benedict Kitty, and his redcoat kitten zombies. But players must watch out, that crafty Benedict has some tricks up his sleeve! Clear this level and players journey underground to fight Lord Cornwallis Scarecrow and his Kittyquios warriors.

Finally, after defeating Cornwallis, players venture back above ground for an epic face-off with the evil King George. But before getting there, they must avoid turkey eggs, hessian rats, and of course, kitten redcoats. Defeat George and Nathaniel Crane is reunited with his sweetheart, Constance. Hopefully the player saved townsfolk along the way, or he or she is in for a nasty surprise!

No kittens, dogs, rats, turkeys, or patriots were harmed in the making of this game. Three levels of thumb-crippling fun.
