

Create funny cards on the go with Sign Me Up

Published on 02/20/13

Ukrainian based A5 Mobile Development today introduces Sign Me Up 1.1, its new photography app developed for iOS devices. Sign Me Up lets users compile together images, frames & texts so they can create beautifully greeting cards, collages or even announcement instantly. Picture makers are free to share their newly minted art with friends instantly via email, Facebook, VK or Twitter as well. Users can easily upgrade the Lite version via in-app purchase to get more features.

Donetsk, Ukraine - A5 Mobile Development, an emerging mobile software developer, today is proud to announce their recent release of Sign Me Up for iPhone and iPad devices running on iOS 5.1 or later. Sign Me Up is a free dynamic new photography effects app that lets users compile together images, frames and texts so they can create beautifully greeting cards, collages or even announcements instantly. Picture makers are free to share their newly minted art with friends instantly via email, Facebook, VK or Twitter as well. Users can easily upgrade the Lite version via in-app purchase to get more features like access to Camera and more than 20 frame packages. Sign Me Up is currently available for download on the Apple App Store for Free in the Photo & Video category.

Whether the occasion is a family member's Birthday, Mother's Day, New Year, or any other memorable event that requires a greeting card or you just want to make a funny photo collage of your friends app always keeps you covered. Designed as a handy tool for creating photo cards, Sign Me Up lets users create unique visual collages just in several easy steps that even the most novice mobile photographers can follow. Lite version offers limited set of features while users can easily purchase via in-app purchase more features like Camera unblock and more than 20 frame packages including "Kids and Babies", "Love and Wedding", "Mother's and Father's Days", "Romance, Art and Everyday", "st. Valentine's Day" and much more. Users are free to use various app features like Random Frame, Random Text, Random Photo to get even better result.

The only thing that limits users with Sign Me Up is their imagination. App was designed to be both pleasing to the eye as well as flexible for the mobile photographer using it to make some art. Since the app is integrated with main social networks like Facebook, VK and Twitter, users can easily share their masterpieces wherever they'd like without ever leaving the app as well as send it via e-mail. Sign Me Up lets users print their cards and get the real paper greeting card. Who said art is in decline in the modern age? Download Sign Me Up right now as it is not simply the best photo effects app available today on the App Store, its the best deal too.
