

Ursine Paw introduces Evil In Trouble 1.0 for iOS: New Puzzle Platformer

Published on 02/26/13

Ursine Paw today introduces Evil In Trouble 1.0, its new their new puzzle platformer game developed for iPhone, iPad and iPod touch devices. In Evil In Trouble, players help little devil Desmond travel through portals in search of his home. Featuring nice graphics with intuitive controls, Desmond travels through many different locations, including a forest, swamps, dark cave and volcano. Just tap on a desired point of level and if possible, Desmond will come this point.

Ulyanovsk, Russian Federation - Ursine Paw today is proud to announce the release of "Evil In Trouble," their new puzzle-platformer that is sure to challenge your gumption. Evil In Trouble 1.0.0 is a game where you can help the little devil Desmond travel through portals in search of his home.

Featuring easy and intuitive controls, players can forget screen joysticks, buttons and all that. Just tap on desired point of level and Desmond would come this point (if it is possible, of course). Requiring thinking and the ability to solve puzzles, real puzzle-genre lovers should enjoy the successful completion of levels. There is an option to see the solution, or skip a level if you get stuck. "Evil In Trouble" offers nice graphics with a cute character, who travels through many different locations, including a forest, swamps, dark cave and volcano.

Features:

- * Easy and intuitive controls
- * A cute character who needs your help
- * Nice graphics
- * Different levels, challenge your gumption

Device Requirements:

- * iPhone, iPod touch and iPad
- * iOS 5.0 or later
- * 38.8 MB

Pricing and Availability:

Evil In Trouble 1.0.0 is \$0.99 USD (or equivalent amount in other currencies) and available worldwide exclusively through the App Store in the Games category.
