Kaliningrad, Russian Federation - PlayPanic Games today is proud to announce the release of Shadow Snake HD 1.0.3, an update to its fun-to-play snake game for iOS and Android. Now available for Free, Shadow Snake HD puts classic features of snake into an updated context. Touchscreen control of the snake works by waving your finger as you collect sparks and dodge numerous enemies. Dozens of backgrounds, four bosses, upgrades, and bonuses, set this game apart from other classic snake games in the App Store.

The player is opposed by enemies on 28 levels. To pass a level, sun-sparks must be collected to charge up the portal in the center. Game levels are divided in chapters - temples of Nature, Fire, Air and Ice, each with their own bonuses and boss at the end. The snake can be improved to make passage easier. For sophisticated users, there are three levels of difficulty: Normal, Hard, and Insane. Each level begins with a quotation of Confucius, emphasizing the mystical style of the game. The game was released at the beginning of 2013, which is the year of the Black Snake in the Chinese zodiac.
