Bangalore, India - Tharle Games announces the release of their most anticipated game called, Magic Shapes 1.0, for iPhone and iPad devices. Right from the release, its gaining more popularity and higher downloads. Magic Shapes can be called another version of Animal Shift, released recently by Tharle games, It is popular among kids, as it's fun and funny to play.

Magic Shapes are amazingly fun learning and delightful game. Drag shapes from bottom white row into matching empty shapes in any of the top coloured rows. Complete the rows within time to keep moving ahead in the game. You can even discard any of shapes and can get new ones with some points decreased. Enjoy the fun filled game and let others know about this relaxing game.

Two modes:

- * Easy - Need to fill all shapes in all rows before time ends
- * Expert - This is tough. As each row has its own time, need to finish each row without starvation of time

Shape matching games had always been basic education for kids and every mom and dad had loved these kinda games for their kids, as time goes kids become bit of smarty.
