Carlsbad, California - It's time for your Performance Review! Back Pocket Software today announces Pocket Performance Review 1.1, their fun job-poking performance review app for iPhone and iPod Touch. Pocket Performance Review can be a very useful tool when it comes to conducting your next performance review.

Wouldn't it be great if you had a choice at Review Time? Take your 3% raise, OR take your chance at the wheel! That's right. Spin for your financial fate. There are different management styles to choose from. Of course it includes the short man's complex boss - his name is "Mr. Littleman", but you can change it ...

We have Computer generated voices also. That would be Hal, and Susan. This really helps when you tell your employees it's nothing personal - the outcome is completely computer generated. We have a nerd boss, a fashion designer, a computer geek, a hot sexy boss named "Candy" and a very bitter old lady boss - you might not want to mess with her ... Meet them all.

Features:

- * 20 possible outcomes - with audio and graphics
- * Spin or shake iPod to receive outcomes
- * Rig outcome, or keep it set to random
- * Choose different management characters
- * Personalize names

Requirements:

- * iPhone or iPod Touch 2.0 or later

Pricing and Availability:

Pocket Performance Review 1.1 for iPhone is only \$0.99 (USD) and available exclusively through Apple's App Store.
