Published on 04/09/13

Mira Sky today announces ShoutMe! 1.0.1, an update to the social networking app for iOS. ShoutMe! allows users to design creative and artistically subtle status updates, shout-outs and tweets that are uniquely personalized and add a bit of flair. Favorite quotes and messages can be embedded on the canvas and made beautiful with a design. Select from custom backgrounds, designs, wallpapers and borders to craft your update. Add text, wrap it around with attractive design and send it out instantly.

Sydney, Australia - Mira Sky today is proud to announce today the global availability of the ShoutMe! App on the Apple App Store. ShoutMe! allows users to design creative and artistically subtle status updates, shout-outs and tweets that are uniquely personalized and add a bit of flair. Favorite quotes and messages can be embedded on the canvas and made beautiful with a design.

Select from custom backgrounds, designs, wallpapers and borders to craft your update. Add text, wrap it around with attractive design and send it out instantly. ShoutMe! features deep integration with Facebook, Twitter and Instagram to send the messages straight away from the App to the desired service. Photos, text, backgrounds, ShoutFaces and lots more can be added to the message. ShoutMe! gets rid of the regular emoticons and includes ShoutFaces, a whole new type of emotion icons that help you express your emotions in a totally different way.

Features:

- * Pinch any/all texts, images and ShoutFaces to adjust in any size
- * Simply shake your phone to delete or cancel images on canvas
- * Add Backgrounds - From a wide variety of funky wallpapers, borders, BG colors and fonts
- * Add Photo from Camera Roll - Put a bit of oomph into your photo by adding borders, texts and images
- * Add Texts - Choices of cool fonts and colors
- * Add Images - Variety of images to choose from
- * Add Templates - Ready-made, suitable for different moods and support different emotions or ideas - Can be used as is or edited to your preference
- * Add ShoutFaces - Not your typical emoticons! ShoutMe! takes emotion icons to a whole new level - And we call it ShoutFace

Device Requirements:

- * Requires iPhone, iPod touch or iPad
- * 39.6 MB
- * iOS 6.0 or later

Pricing and Availability:
