

Jonathan Tenkely releases Pickin' Stix 1.0 for iPhone or iPod Touch

Published on 05/18/09

Jonathan Tenkely has released Pickin' Stix 1.0 for iPhone or iPod Touch. Developed for quick play, Pickin' Sticks is a modern adaptation of the classic Pick-Up-Sticks game, and offers an entertaining break for all ages. With simple point-and-click interaction the game play is intuitive and quick to learn. Each round is unique from any other so each time you play it's always a new challenge. Careful observation by the player is required to get the highest score, but the clock is always ticking.

Highlands Ranch, CO/USA - Pickin' Sticks celebrates its debut on the Apple iTunes App Store. Developed for quick play, this modern adaptation of the classic Pick-Up-Sticks game, offers an entertaining break for all ages. With simple point-and-click interaction the game play is intuitive and quick to learn. Each round is unique from any other so each time you play it's always a new challenge. Careful observation by the player is required to get the highest score, but the clock is always ticking.

Carefully choose the top stick from the intertwined pile. Each correct stick adds a point to your tally and incorrect sticks will take points away. Watch the clock to see if you can beat your personal best time. Starting a new game is as simple as shaking your device to create a new, random, pile of sticks to pick. Head to the iTunes App Store and pick up Pickin' Stix now.

Game Features:

- * Quick play requires little time commitment to enjoy a full game
- * Intuitive point-and-click game play
- * Accelerometer interaction shuffles the stack

Minimum Requirements:

- * Apple iPhone or iPod Touch
- * 2.2.1 Software update
- * 1.4MB of Space
