San Diego, California - newMacgadgets now lets you achieve a winning display on the road with the look and feel of the Apple Store at your most important industry trade shows. Apple Trade Show vendors will now have a leg up on the competition with newMacgadgets line of Apple Store acrylic display fixtures. Designed with security and elegance in mind, these products allow trade show exhibitors to showcase and secure their iPad, iPad Mini, iPod touch and iPhone 5 with the sleek look of acrylic displays found at the Apple store while improving brand name recognition.

NewMacgadgets line of acrylic Apple store display fixtures include:

The new Signature Series - iPad Display:

Personalized, elegant and secure, the new Signature Series Acrylic Display offers the ultimate in showcasing your iPad or iPad Mini while allowing a custom engraved look for brand identity. The all-acrylic design gives the iPad or iPad Mini a stylish look while safely securing it to any counter-top, desk or hard surface where you want your company's name in the forefront.

The new iPhone 5 Security Base:

Display the iPhone 5 while securing it in this streamline acrylic base designed to provide full-flexibility for using the iPhone 5 or iPod touch in landscape or portrait positions. The charging cable routes underneath the base to provide constant charging when the iPhone is in the base. Lightweight aluminum brackets with rubber inserts prevent the iPhone or iPod touch from being removed.

The iPad Security Base:

newMacgadgets' best selling iPad Security Base reproduces the look of the Apple store display but with added security features ideal for trade shows and other events. The base secures the iPad 2,3,or 4.

New iPad Mini Security Base:

The all-acrylic iPad Mini Security Base is the ideal anti-theft display designed with the Apple Store look in mind. The iPad Mini is held in a clear acrylic wedge shaped base and secured with an outer-frame and tamper-proof screws. The base is held to any desktop or counter-top with clear adhesive or mounting screws. In addition, slots are provided for the new Lightning charging cable and earphone port.

The Apple Headphone Stand:

NewMacgadgets duplicates the simple, yet clean look of a headphone stand with style and functionality in mind. Their stainless steel arm design secures firmly into a round acrylic base creating the perfect nesting place for ones headphones. Clear, non-skid bumpers on the bottom allow for easy access placement on any desk, counter-top or hard surface.

The Apple Store Acrylic Pedestals:

NewMacgadgets offers two size choices of their round, wedge shaped, acrylic pedestals to
