Published on 04/28/13

Minibay is a free-to-play Simulation Social game, which was developed by iFree Studio Limited for iOS system. This game perfectly combines the features of Simulation Game and Strategy Game. Assemble your ships and battle against ferocious pirates and sea monsters. Trade with different colony and look for mystical treasures hidden in the northern sea. The gorgeous painting and interesting gaming design are sure to give players a good impression.

Hong Kong, China - Minibay, a new Simulation Social game which just released on Apr 16th, 2013. This game is set against a backdrop of Renaissance, young princess just takes charge of the main land, reconstruction and everything is waiting to be done. You need to help Princess to open up wasteland, governed and richen this new land, and fight with the pirates, defend her harbour. It's easy for new players to get knowing of the system operation by game guide.

Come and build a wonderful bay of your dream. Assemble your ships and battle against ferocious pirates and sea monsters. Trade with different colony and look for mystical treasures hidden in the northern sea. Come and join us to experience the original maritime trade and spectacular naval warfare in the epic northern sea and ultimately become the legendary land ruler. The story begins in the Renaissance era, when a new land is fallen up on the shoulder of our queen victoria to raise from ruins after years of years battles.

Unique game features:

- * Over 100 quests spanning 30 levels
- * Over 60 buildings with different characteristic and functions, over 50 trading and battle & pirates ships across the game
- * Specialized ship upgrade system with distinguish ship-bond skills/abilities
- * Eight-to-eight heart-thrilling battle types
- * 3 battle raids with 3 difficulty category
- * One intense boss fight
- * Over 20 trading routes

Game Innovation:

1. Ships System - every ship has its own attribute and special characteristics.
2. Trading System - The game is set with a variety of trading goods. Game players can produce their own products, processe products and upgrade them, then set the trade routes, traders will come and purchase at a fixed time.
3. Interaction System - you can help friends to build their city, or wage a war against them.

As the saying goes, what you can accomplish is only limited by your own desires! And this is certainly true in this fascinating mobile game.

Device Requirements:

- * iPhone 3GS, 4, 4S, iPhone 5, iPod touch and iPad
- * Requires iOS 5.0 or later
- * 141 MB
