

Idol Forecast - A Bright Weather App

Published on 06/10/13

Idol-IT announces Idol Forecast 2.1 for iOS. This beautifully designed weather app reshapes the way users experience daily weather forecasts. Featuring a stunning interface design that reacts to current weather conditions and ambient sound to further enhance the richness of the user experience, the update has integrated social functions, enhanced graphics, additional themes and more, providing users with a unique interactive way of displaying the weather forecast for up to 8 days in advance.

Chisinau, Republic Of Moldova - Idol-IT announces Idol Forecast 2.1 for iOS. This beautifully designed weather app reshapes the way users experience daily weather forecasts. Featuring a stunning interface design that reacts to current weather conditions and ambient sound to further enhance the richness of the user experience, the update has integrated social functions, enhanced graphics, additional themes and more, providing users with a unique interactive way of displaying the weather forecast for up to 8 days in advance.

Most weather applications currently available are simply boring templates that provide nothing to the user beyond simple metrics and statistics. Idol Forecast is a weather app that is totally different and actually enriches the user experience.

The app was released in May of 2012 both for iPad and iPhone users, and since then it has been purchased by numerous users, as well as received positive reviews and feedback on iTunes, such as:

"It's absolutely awesome" - My iPad
"Gorgeous!..." - TLKoontz

Feature Highlights:

- * Premium ambient sound design
- * Custom tailored themes and user interface
- * 4 modes: morning, daytime, evening, night as well as precipitation simulations
- * Hidden interactive features
- * Ability to forecast weather up to 8 days in advance
- * Simultaneous tracking and weather record of up to 3 locations

Language Support:

English, Afrikaans, Amharic, Arabic, Bokmal, Norwegian, Bulgarian, Byelorussian, Catalan, Chinese, Croatian, Czech, Danish, Dutch, Estonian, Filipino, Finnish, French, German, Greek, Hebrew, Hindi, Hungarian, Indonesian, Italian, Japanese, Korean, Latvian, Lingala, Lithuanian, Malay, Persian, Polish, Portuguese, Romanian, Russian, Serbian, Slovak, Slovenian, Spanish, Swahili, Swedish, Swiss German, Tagalog, Thai, Turkish, Ukrainian, Vietnamese, Zulu

Device Requirements:

- * iPhone, iPad, or iPod touch
- * Requires iOS 5.0 or later
- * 49.8 MB

Pricing and Availability:

Idol Forecast 2.1 is only \$0.99 USD (or equivalent amount in other currencies) and available worldwide exclusively through the App Store in the Weather category. Additional themes are available for in-app purchase.
