Traverse City, Michigan - MacUpdate has kicked off its Spring 2009 software bundle, the most ambitious bundle the company has launched to date. Featuring 11 first-rate Mac applications including two major commercial titles, Micromat's TechTool Pro 5 and Parallels Desktop 4, the bundle delivers more than \$500 worth of software for just \$49.99.

Included in the bundle:

\* TechTool Pro 5 (\$98): Just released in January, TechTool Pro 5 is the newest version of Micromat's acclaimed disk utility. TechTool Pro 5 will keep your Mac running in top shape! Check the health of your RAM and hard drives, repair problems, optimize performance, and be ready in case disaster ever strikes! Buyers will receive a link to download a bootable DVD image of the software to burn, which can be used to boot and fix all but the newest March 2009 Macs.

Notable Mentions: MacFormat Choice Award (5/5 rating), 4/5 rating from Macworld U.S., 4.5/5 rating from MacUser UK

\* Parallels 4 (\$79.99): Run Windows, Linux, and more alongside your Mac with ease. Parallels supports virtual machines with up to 8 cores, 8GB of RAM, and 3D acceleration for maximum performance. Parallels recently bested the competition in performance in most tests conducted by MacTech magazine.
