

iPresentee adds new iWeb Themes for Business

Published on 05/28/09

iPresentee today releases iWeb Themes for Business 4.0, to be used with Apple's Web site building application. iWeb Themes for Business 4.0 includes five new excellent themes: Simplicity, International, Blackout, Time Machine and Flourish. Each iWeb Theme for Business includes eleven templates instead of ordinary eight. The new release extends iPresentee's iWeb themes collection up to forty themes.

Vilnius, Lithuania - iPresentee, the developer of add-ons for Apple's iWork and iLife applications, releases iWeb Themes for Business 4.0 to be used with Apple's Web site building application, iWeb. iWeb Themes for Business 4.0 includes five new excellent themes: Simplicity, International, Blackout, Time Machine and Flourish. Each iWeb Theme for Business includes eleven templates instead of ordinary eight. The new release extends iPresentee's iWeb themes collection up to forty themes.

There are a lot of small business representatives that are delaying getting a website for their business and thinking that they don't have the budget, time or skills. Therefore iPresentee has expanded the collection of iWeb Themes for Business to create extra opportunities for entrepreneurs to get business on the web with minimal expenses, time and skills. Five new, high quality, easy to modify, great-looking and solid iWeb Themes for Business will help to represent business, band, services, products and more on the web. Furthermore all themes can be adapted for developing personal website.

With iWeb Themes for Business website can be build in minutes and published on the web with iWeb. All themes incorporates endless background, therefore website can be filled with different amount of information. In addition iPresentee extended number of templates so iWeb users will be able to add new templates, such as Catalog, Presentations, Gallery and Events to their websites.

Catalog template enables to create a pictorial index for your gallery pictures and presentation movies. Presentations template provides a special movie page template for showcasing movies on the website. Gallery template contains a photo grid that makes it easy to add, organize, and format photos and captions. Events template is a blog or journal that's posted on the web for others to read. Each iWeb theme includes nine templates: Home, About Us, Services, Support, Clients, Contact Us, Gallery, Events and Blank. Thereby new iWeb themes contains different page layouts to accommodate various information. iWeb Themes for Business includes an installer to make sure the themes end up in the right place.

Minimum Requirements:

- * Mac OS X 10.4.3 Tiger and later
- * iWeb 2.0 or iWeb 3.0
