

Keynote Zone releases Tiles Keynote Theme

Published on 06/18/13

Keynote Zone has released a Tiles Keynote theme. This professionally designed theme has everything it takes to help users to organize all their data into an integral and solid architecture. The theme includes 33 layouts, custom designed charts and tables. Available in both Standard and HD versions for Mac. From a wide range of unique photo layouts, users will be able to choose inherent elements that perfectly fit the mood of their presentation. The Tiles Keynote themes is also available for iOS.

Vilnius, Lithuania - Keynote Zone, the developer of professionally designed ready-to-use themes for Apple's Keynote application, is pleased to announce a Tiles Keynote theme. This professionally designed theme has everything it takes to help you to organize all your data into an integral and solid architecture. To make things easy and quick, 13 standard general-purpose master slides and 20 additional text and photo master slides are at your service. From a wide range of unique photo layouts you will be able to choose either some inherent elements that perfectly fit the mood of your presentation. Custom designed charts and tables will evoke a creator inside you and help to build your own original layouts. If you are seeking for more, build and style your own layouts with the help of additional 8 color schemes included in the "Extras" slides.

Tiles standard version theme for Mac comes in 2 sizes (800x600 & 1024x768) and is available for \$16.00 USD at Keynote Zone site. Tiles HD version theme for Mac comes in 5 sizes (800x600, 1024x768, 1280x720, 1680x1050, 1920x1080) and is available for \$20.

Tiles HD version theme for Mac is also included in the Collection for Keynote 12. Collection for Keynote 12 includes 12 HD Keynote themes, Extras slides and Demo files and is available for \$69.99 at Keynote Zone site or at Mac App Store.
