Use Stick It to create personal reminders, shopping lists, special notes to your loved ones, and more. Stick It features 15 styles of notes, papers, and objects you can add text to ranging from multi-colored Post It notes, a variety of scrap papers, speech bubbles, and signs.

Newark, NJ - TapFactory Apps introduces "Stick It", a utility that allows you to quickly and easily create reminder wallpapers for your lockscreen. Use Stick It to create personal reminders, shopping lists, special notes to your loved ones, and more!

Feature Highlights:

- * 15 styles of notes, papers, and objects you can add text to ranging from multi-colored Post It notes, a variety of scrap papers, speech bubbles, and signs.
- * 25 backgrounds to choose from including beautifully designed textures such as quarkboard, wood, metal, and paper, as well as solid colors, and the ability to use any photo from your Camera Roll or take a new one!
- * Full customization of your notes with multiple font styles, sizes and colors to choose from.
- * Preview feature which allows you to preview your lockscreen with your current Stick It layout to give you an idea of how it will look without having to leave the app.
- * Option to save your notes will be coming in an update soon!

Due to Apples API limitations, this application allows you to create images that are saved to your camera roll, in order to set them as your wallpaper you have to navigate to Photos.app and set it manually.

System Requirements:
iPhone and iPod touch 2.2.1 or later

Pricing and Availability:
Stick It 1.0 for iPhone is only \$1.99 (USD) and available exclusively through Apple's App Store.
