Dhaka, Bangladesh - SliderApps is a media incorporation that focuses on online app marketing and consumer use of apps. Their platform exhibits apps to those who are eagerly looking for fantastic apps.

More than 2,000,000 apps are available for mobile phones and tablets on the internet. Additionally, numerous new apps are coming online daily, to be more precise, on Android market and Apps stores. Regardless of who the person or what the platform is, there is an app for everyone. Only a select number of apps are allowed to be added in the website daily. SliderApps publish almost all kind of apps like: games, business, shopping, finance, weather, music, travel, news, sports or education.

Slider Apps Serves Mainly Two Markets:

- * App Users - Our consumers find it easy to learn about new apps
- * App Developers/Owners - App developers get a perfect platform to promote their apps or business, especially in a cost effective way

For Consumers Looking for Apps:

We exhibit only those apps which are unique and user friendly. To ensure topmost quality and best user experience, maximum 50 apps are allowed to be added in our website daily. Our goal is to have customer satisfaction. So a user can search the whole database to find out the right kind of apps. On top of that, they may subscribe for the customized email alerts of their favorite type of app. No wonder, user will discover new eye catching and lucrative apps on any given day which will make them say, "WOW, what an app, I must have one in my phone/tab."

For App Developers and Business Owners:

You are a super talented coder and you know how to make great apps. Now after you made some of those great apps it's time to get noticed in front of the world. SliderApps.com is glad to offer you a membership based platform to exhibit your apps to the users who are eagerly looking for fantastic apps. Seems too hard to get noticed? Well, our unique marketing approach gives you the right tools to handle all these hard parts. Our user friendly and simple interface always draws a huge number of audiences each day, because we have the most marketable URL's in SliderApps.
