

## **M-Connect Solutions Introduce High Tech ODC for Its Outsourcing Partners**

Published on 07/21/13

M-Connect Solutions introducing a new ODC center for its customers to provide good  
S  
begins with this ODC center. M-Connect Solutions claims to have made the following areas  
its forte... eCommerce development, web portal development, Custom CMS development,  
social  
media development, mobile app development, mobile web portal, mobile CMS solutions, social  
media app solutions and tablet app development.

Cypress California - A web and a mobile application development company, M-Connect  
S  
S  
give the business owner cost effective solutions and high quality services. The company  
offers custom CMS, B2B and B2C portals, social media and networking and eCommerce  
solutions to its clients from across the globe. The company ascertains expertise in web  
design and development and customization of various social eCommerce websites,  
eCommerce  
CMS websites and eCommerce web portals along with mobile application development too.

Touted as the pioneer in the field of eCommerce, M-Connect Solutions claims to offer  
cutting edge solutions that will give a boost to the revenue as well as customer base of  
any organization. The company also performs research and development for eCommerce in  
diverse spheres that include entertainment and media, sports, education, health care,  
finance, real estate, lifestyle and more. Providing tailor made solutions to such diverse  
sectors has been the forte of the company, as mentioned by the spokesperson for  
M-Connect.

When asked to throw some light on the working nature of the company, the spokesperson for  
t  
follow a highly methodical and strategic application formula that gives no room for any  
kind of loopholes during the development process. For instance, if it is a software  
development cycle, our software developers will assess the feasibility of the solution you  
have required from us and accordingly develop and deliver a flawless product to you.  
Before delivering they ensure that they test and deploy the product so that it offers the  
service it supports to offer. We also offer maintenance service once we have deployed the  
product which would in fact, foster strong relations with our clients. The same is the  
procedure we adhere to when it is a website development cycle. As it is currently the  
trend in application development for mobiles, our experts also ensure that they meet the  
increasing demands for the same. You will see that our pricing structure for all the  
services that are offered here are highly competitive and totally uncompromising in terms  
o

Mobile application development cycle that the company follows also gives customers the  
advantage of getting cutting edge solutions. After a thorough understanding of the  
requirements for the business, the professionals conduct service and product analysis and  
then embark on expert designing and coding so that the solution is a perfect one and meets  
the demands of the business. The company has a well-built workforce in place which can  
deliver a wide range of solutions for clients from across the globe. The company also  
offers great flexibility in its packages and adjusts them as per the work necessity,  
budget or needs.

The company believes in its strengths, the strength that comes in with regular upgradation  
in the techniques, tools and technologies. With the assured quality in the deliverables  
the company and its professionals work towards establishing lasting business relations  
that are based on high end business development and trust.

M-Connect Solutions claims to have made the following areas its forte... eCommerce development, web portal development, Custom CMS development, social media development, mobile app development, mCommerce development, mobile web portal, mobile CMS solutions, social media app solutions and tablet app development. The company has also been termed as one of the top e-Commerce solution firms for the year 2012 by the International Business Times.
