

New Educational Game Teaches Cypher Techniques

Published on 07/22/13

Vito Technology Inc. award-winning developer today is proud to announce the release of their new educational game app *What's The Quote*. The app offers thrilling experience of deciphering a hidden message which contains an inspirational quote from famous authors, founding fathers and modern day politicians. Impossible at first glance, the game will draw you in while simultaneously developing your logic skills.

Alexandria, Virginia - Vito Technology Inc. award-winning developer today is proud to announce the release of their new educational game app *What's The Quote*. The app offers thrilling experience of deciphering a hidden message which contains an inspirational quote from famous authors, founding fathers and modern day politicians. Impossible at first glance, the game will draw you in while simultaneously developing your logic skills.

The app will be confusing the first time you see it, a mess of letters that only offers word length, capital letters and position in the sentence as clues. Surprisingly, that is more than enough to decode the message. Replacing letters one by one you will gradually see more and more cohesion and meaning and feel like a real spy when deciphering is done.

The coded messages offer over 500 quotes in different categories.

Features

- * Timer to check your progress
- * Compete with others online and peep to the results of your opponent
- * Use hints when stuck with the phrase
- * Fix the correct letter in the quote
- * Training pack to learn how to play
- * English language structure: syntax, morphology and semantics
- * Share the quotes you like on Facebook and Twitter

Language Support:

- * US English

Device Requirements:

- * iPhone, iPad, or iPod touch
- * Universal Application
- * iOS 3.0 or later

Pricing and Availability:

The new *What's The Quote* app is released as a universal app for iPhone and iPad and available for free worldwide via the App Store in the Game category.
