Based in Malaysia - The team behind Animata!, an animated movie maker for iPad, is pleased to announce the release and immediate availability of Animata! 1.0, a revolutionary animated movie maker made exclusive for the iPad. Built upon an innovative design concept dubbed the 'Checkpoint UI', Animata! allows virtually anyone to make an animated movie within minutes!

Doing away from the traditional timeline method, Animata! was built from the ground up for ultimate fun and simplicity. The founder of Animata!, Ting, believes that the Checkpoint interface will revolutionize the future of animation software, as it is extremely simple and fun to use. Users do not require any technical know-how to start using the app, as the interface is designed to cater to the general audience.

Animating is Extremely Fun and Simple:

- * Just tap points on the screen, and objects will move to these places
- * Tap on each point to adjust the object's appearance. Add cool effects, animations, emoticons and speech bubbles
- * And your animation is ready for preview. Simple as that!

Amazing Cool Features:

- * Add your own photos and become actors in your very own animated movie!
- * Powerful photo editor for cropping and decorating photos
- * Choose from 30+ different cool effects and animations
- * Choose from 16+ different animated emoticons
- * Choose from 20+ different speech bubbles
- * Choose cool Weather effects such as Rain, Snow and even Meteor apocalypse to spice up your movie!
- * Choose from 6 different theme songs, or bring your own music
- * All effects and animations have amazing sound effects
- * High speed scrobbling to allow quick preview of any changes made to the movie!

Share with Your Friends:
