

Color the black and white world in Northern Tale HD for iPad

Published on 07/31/13

PC version of the time management title Northern Tale has opened a whole world of mythology, Vikings and magic to players all around the world. The game topped the charts on major game portals such as GameHouse and Big Fish Games for weeks and got positive reviews from users. The game features total 47 beautifully crafted levels, including 3 unlockable bonus levels. Today Realore announces that Northern Tale HD is finally available for free download on the App Store for iPad.

Klaipeda, Lithuania - PC version of the time management title Northern Tale has opened a whole world of mythology, Vikings and magic to players all around the world. The game topped the charts on major game portals such as GameHouse and Big Fish Games for weeks and got positive reviews from users. Today Realore announces that Northern Tale HD is finally available for free download on the App Store for iPad.

The game starts on the shores of the Great Northern sea. Brave king of Vikings Ragnar comes back home to his beloved wife only to find out what a terrible tragedy had occurred in his absence. The evil witch Gesta attacked his village and brought destruction and despair to the world which turned black and white. The most horrible thing is that Ragnar's beautiful daughters, Summer, Autumn and Winter, were stolen and fell victims to the evil curse.

Players' mission is to travel with Ragnar and his two assistants - a wise Driud and a powerful Exorcist - and help them save three sorcerer-princesses. Along the way players will revive the deceased lands and fight off the dark servants of the evil witch.

In Northern Tale HD players will discover the world rich in mythology, where they can control three different characters and color the black and white world. They will experience the story set in 3 season themed episodes full of magical adventures and supported by detailed graphics and visual effects.

The game features total 47 beautifully crafted levels, including 3 unlockable bonus levels. There are several difficulty modes: normal (for experienced players who like a good challenge), multiclick and a relaxed no time mode for those who would just like to enjoy the game without worrying about time-limits.

Features:

- * Total 47 levels
- * 3 season themed episodes
- * Coloring the black and white world
- * Controlling three different characters

"We believe that Northern Tale, with its mythical storyline, would be interesting and intriguing to lots of casual players all around the world. It can be simple or challenging, depending on the mode they choose. We definitely think that iPad is the best platform to enjoy the fun gameplay and gorgeous graphics." - said Natalia Matveeva, head of business development at Realore.

Device Requirements:

- * Compatible with iPad
- * Requires iOS 5.0 or later
- * 234 MB
