

## Play along with Baby Rush on iOS

Published on 08/09/13

German based A5 Mobile Development today has announced their excitements over the recent release of Baby Rush for iPhone, iPad and iPod devices running on iOS 6.0 or later. An exhilarating action this mobile game challenges users to pass virtual baby to each other until baby get pooped. Player who got pooped baby is the loser and his points are divided among the other players. Baby Rush is a reminiscent of classic Hot Potato concept that was pumped up on adrenaline, and turned on its head.

Frankfurt, Germany - A5 Mobile Development, an established mobile app development studio, is excited today to announce the launch Baby Rush onto the App Store. Universally compatible across all iOS devices, this wildly original adventure game thrusts gamers into a completely original game unlike anything ever seen on mobile arena before. Offering vibrant graphics and engaging fast paced gameplay, Baby Rush can be enjoyed by a wide range of gamers community. Featuring classic Hot Potato concept gameplay Baby Rush boasts smooth graphics and hours worth of addictive sessions to blast through. Baby Rush is currently available for download on the Apple App Store for \$0.99 in the Games category.

Once you're in the app you can create your own profile, set your nickname, login using your Facebook profile and add your friends. Game features blends classical Hot Potato options with highly realistic sound. The main idea of the app is to pass virtual baby to other players until baby get pooped and washed out. The one who got pooped baby loses half of the point he get and these points are equally divided among the rest players. The faster you get rid of the baby the more points you can get. If you need additional points you can post message on your Facebook wall and get free points. Users can also purchase up to 200K points via in app purchase.

Developed with ease of use in mind and being as stunningly designed as it is playable, Baby Rush stays true to the spirit of the timeless game experience it is based on. Simple game controls ensure that players focus on what's important - playing to their hearts' content - rather than having problems with controls or worrying that session will end because the game didn't pick up your actions either. Once downloaded, gamers get into the the incredible action and should be ready for a real competition with other players, because one of the most popular game genres just got a bit sweeter with Baby Rush on iOS.
