

Tequila Games releases BattleFriends in Tanks

Published on 08/15/13

Tequila Games today announces BattleFriends in Tanks 1.0.1, its new turn-based multiplayer game for iOS and Android. Players might choose among 10 completely different tanks and face each other in battle. While it is possible to fight strangers, users are strongly encouraged to compete with their real-life friends, summoned either by Facebook, SMS, Twitter or e-mail. The game features various special weapons, collectable aids on the battlefield as well as randomly generated obstacles.

Cupertino, California - Tequila Games, an award-winning social game studio focused on making multiplayer games for smartphones & tablets, released BattleFriends in Tanks today for iOS and Android. In BattleFriends in Tanks, a pair of players might choose among 10 completely different tanks and face each other in battle. While it is possible to fight strangers, users are strongly encouraged to compete with their real-life friends, summoned either by Facebook, SMS, Twitter or e-mail. For more variety, the game features various special weapons, collectable aids on the battlefield as well as randomly generated obstacles.

"With BattleFriends in Tanks, we are striving to achieve the perfect balance between casual and hardcore," explains Lukasz Deszczulka, CEO of Tequila Games. "The interface and controls are as accessible as we could make them, but the underlying systems allow for deep strategy and cunning tactics ."

"You can start playing on your Android phone, switch to an iPod midway through, and then continue on an iPad," assures Radek Smektala, Lead Designer of BattleFriends in Tanks. "Your friends, experience and statistics will be immediately transferred to whichever device you log on since the game is completely cross-platform."

Pricing and Availability:

BattleFriends in Tanks is now available to download for free. A paid, premium edition is also currently live. For \$2,99, the players get an exclusive tank, graphics optimized for iPad Retina and numerous other enhancements. Both versions are compatible with iOS and Android devices. BattleFriends in Tanks is available now as a Universal app for iPhone and iPad in the iTunes App Store and for Android devices via Google Play.
