

Neoappz releases Places Around 3.1 with a new design for iOS 7

Published on 09/23/13

Mobile application development company, Neoappz today announces Places Around 3.1, an update of their popular travel app for iPhone and iPod touch. Ideal for travel, Places Around allows anyone to easily find places in their surroundings. It works world wide and provides accurate and concise information. Version 3.1 features an enhanced user experience with a new design for iOS 7. The simple new design makes finding places easier and faster.

Colombo, Sri Lanka - Neoappz, a mobile application development company, today is pleased to announce the release and immediate availability of Places Around 3.1 for iPhone and iPod touch. Places Around is a user-friendly application which allows anyone to easily find places in their surroundings. It works world wide and provides accurate and concise information. It is ideal for travel.

Places Around features a Category Search which provides one tap access to over 40 common categories such as Restaurants, ATMs, Gas Stations, Parking, Shopping Malls etc. The custom search feature allows users to find places by the name of the place.

Place results are displayed in user-friendly map views and list views. Map views include Standard, Hybrid and Satellite modes. The distance to the places as well as the directions of the places are shown in simple user interfaces. Contact details are provided to help the users. Place details can be easily shared using Facebook, Twitter, SMS and Email. Places can be saved as favourites for easy access. Places Around is integrated with the Apple Maps App and the Google Maps App to show directions.

Places Around also consists of a feature to change the search area to a location of choice. By changing the search area users' can search for places in a distant location without being there (ex. Search for Restaurants in London from Boston in USA).

Version 3.1 has enhanced the user experience with a fascinating new design for iOS 7. The simple new design makes finding places easier and faster.

Device Requirements:

- * Compatible with iPhone and iPod touch.
- * Requires iOS 4.3 or later
- * 2.5 MB

Pricing and Availability:

Places Around 3.1 is currently Free and available worldwide exclusively through the App Store in the Travel category.
