

Teachers With Apps CERTIFIES 25 More Apps

Published on 09/29/13

Teachers With Apps honors 25 more apps with the TWA CERTIFIED badge of approval. The Teachers With Apps Certification Program was designed to recognize apps that go above and beyond excellent. This distinction is awarded to education apps that prove exemplary in the areas of content, presentation, and execution, as well as overall user experience. Teachers With Apps offers a treasure trove of education app recommendations, as well as the latest trends and insights on education and technology.

Southampton, New York - Teachers With Apps is pleased to honor 25 more apps with the TWA CERTIFIED badge of approval. The Teachers With Apps Certification Program was designed to recognize apps that go above and beyond excellent. This distinction is awarded to education apps that prove exemplary in the following areas: content, presentation, and execution, as well as overall user experience.

Mobile devices have consistently been making in-roads into the learning space since their debut. The mobile tablet, especially, will continue to progress to the head of the class.

Teachers With Apps is proud to continue to recognize quality education apps on a quarterly basis. We are happy to continue this process of recognizing quality education apps and even happier to see more and more apps on mobile devices taking off in schools across the nation, and with the android market growing significantly, we are delighted to start offering reviews for that platform as well.
