Behold the big picture with easy previews of all your typed and handwritten notes, photos, maps, sketches and audio recordings. Or, study the details with full screen views to notes and attachments. Easily sort, search and color-code notes as well as passcode protect classified groups and more.

Peoria, Illinois - Onomaly Software is proud to announce version 5.0.0 of notepiler 9, designed exclusively for iOS 7. Easily build and organize note collections into unique, visual archives that are truly entertaining to use. Behold the big picture with easy previews of all your typed and handwritten notes, photos, maps, sketches and audio recordings. Or, study the details with full screen access to all notes and attachments.

Look. Photos are stored at full resolution.

Listen. Playback recorded audio for one note or an entire group!

Line. Sketching and handwriting strokes are organic and fluid.

Locate. Stored maps can be viewed offline.

TNW states, "A visual note taking delight and so much more."
