St. Petersburg, Florida - Donation Downloads, in partnership with evertap, developer of Bike Games, would like to say congratulations and a big thanks to all that downloaded Bike Games - as we reached our goal of over 50,000 downloads and over \$500 donated to the charity DonorsChoose.

Donors Choose is an online charity that makes it easy for anyone to help students in need. Public school teachers from every corner of America post classroom project requests on our site, and you can give any amount to the project that most inspires you.

The final numbers are in and we were able to donate a total of \$509.72 to teacher projects on DonorsChoose this past week. The last class project that was able to be funded was "Bucs need Books" to help students obtain more books to read in literary circles.

"It's been a great campaign in which we were able to help out a lot of great teachers and students from all over," said Ryan Wade, evertap's Founder and CEO, "We can't wait to do another campaign through Donation Downloads!"

Although this campaign has been completed, the evertap team says they're already planning on the next. If you haven't already, please check out evertap's newest game Bike Games - it's free for iPhone, iPad and iPod touch!
