Taipei, Taiwan - QuinnScape is celebrating its 5th anniversary on Apple's App Store. QuinnScape's flagship product, Packing Pro, is based on the original, basic Packing (+TO DO!) travel app that was released in October 2008. These apps were two of the first few thousand apps on the App Store, compared to the over one million that are currently there today. During this time, both apps have kept pace with and added support for all of Apple's new iOS updates and devices, starting with iOS 2 and iPhone 3G, and progressing all the way up to the current iOS 7, iPhone 5s, iPod touch 5G, iPad Air and iPad mini 2.
