Published on 11/06/13

The Android and iOS-based editions of ABBYY Lingvo Dictionaries, a cutting-edge application to instantly translate words and phrases in multiple languages, have been enriched with a premium quality English dictionary from Macmillan Publishers Limited. An indispensable aid to intermediate learners of English, this Essential Dictionary contains over 45,000 headwords, phrases, and phrasal verbs, with 36,000 examples showing how words are used in a wide variety of situations.

Moscow, Russian Federation - The Android and iOS-based editions of ABBYY Lingvo Dictionaries, a cutting-edge application to instantly translate words and phrases in multiple languages, have been enriched with a premium quality English dictionary from Macmillan Publishers Limited. The Macmillan Essential Dictionary is one of a range of leading learner's dictionaries produced by Macmillan, and is an indispensable aid to intermediate learners of English.

The Essential Dictionary contains over 45,000 headwords, phrases, and phrasal verbs, with 36,000 examples showing how words are used in a wide variety of situations. The 3,500 most important words to learn at this level are highlighted and ranked with stars for frequency of use; there is special emphasis on contemporary vocabulary, such as computer language and colloquial language. Hundreds of informative boxes, containing grammar, vocabulary, and usage notes make Macmillan Essential Dictionary one of the leading English learner's dictionaries.

ABBYY Lingvo Dictionaries for mobile devices offers access to reliable, up-to-date content covering general translation, subject, and explanatory dictionaries for 96 language combinations. Based on ABBYY's foremost OCR (Optical Character Recognition) technology, its edition for Apple(R) devices provides the easiest way to translate unfamiliar words found in various printed materials by simply photographing them with the iPhone's camera.

An essential reference for the classroom and home, The Macmillan Essential Dictionary offers invaluable support for those wishing to write and speak English accurately. It builds on the success of the Macmillan English Dictionary, adapting its unique features to the different needs of intermediate learners.

The core vocabulary that intermediate learners need most for writing and speaking English is highlighted and graded for frequency of use. Clear, simple definitions, menus for easy navigation, and many help boxes combine to make this dictionary invaluable for English language learners.

Key features:

- * Over 45,000 headwords, phrases, and phrasal verbs, and 36,000 examples showing meaning and usage
- * Special emphasis on contemporary vocabulary, such as computer language and colloquial language
- * The most important words are highlighted and graded with stars for frequency of use
- * Numerous Help Boxes contain grammar, vocabulary, and usage notes

About Macmillan Publishers Limited:

Macmillan Education is a leading British educational publisher, specialising in language materials for learners of English. It is part of Macmillan Publishers Limited, a publishing group which also includes Palgrave Macmillan, who publish higher education materials; Pan Macmillan, who publish fiction and non-fiction trade books; and Nature Publishing Group, who publish the world famous scientific journal Nature and a range of
