Toronto, Canada - Just in time for the Christmas holidays, Popcorn Grenade has unveiled the latest update to their app, "Christmas Karaoke App: 12 Carols" for the iPad, iPhone, and iPod touch. With this app, you can sing along with the vocals, or mute the vocals entirely and sing with your own voice using the red highlighted lyrics and instrumental music provided in the background.

This latest version of the app (ver 3.0) features sleeker graphics, changeable backgrounds, red highlighted lyrics, an auto-play function, and a count-down timer. The 12 holiday carols include:

- \* Jingle Bells
- \* Feliz Navidad
- \* Joy The World
- \* Little Drummer Boy
- \* We Wish you a Merry Christmas
- \* Rudolph The Red Nosed Reindeer
- \* First Noel
- \* Hark The Herald
- \* Winter Wonderland
- \* Silent Night
- \* Jingle Bell Rock
- \* Auld Lang Syne

We're hoping this app will bring family & friends together so that they could sing these holiday favorites. A new feature we've added to the app is that you can choose from 4 different background designs. Also there is a count-down timer that indicates how long the instrumental music gets played before the vocals kick in.

Popcorn Grenade is a small, independent boutique shop in Toronto, Canada that produces early learning apps for Infants, toddlers and pre-school kids. The illustration, animation, programming, and voice-over work that goes into our apps are all done by us. We also have a well-adjusted two year old boy who is extremely tech saavy when it comes to using an iPad. He is responsible for beta-testing and quality control. It's for him that we create these apps - he enjoys playing with it, and we hope other kids would too. Copyright (C) 2013 Popcorn Grenade. All Rights Reserved.
