

Social-Hub Combines Multiple Social Networks in a Convenient App

Published on 12/27/13

Social-Hub 1.2.2, from indie developer Islom Kamalkhodjaev, is a remarkable new all-in-one social app that lets users easily, quickly and simply connect with their friends on Facebook, Twitter and Instagram. Social-Hub has been designed to mimic the native look and feel of each social network app, so that users enjoy smooth, seamless and efficient interaction. Easily and efficiently cross-post to Facebook and Twitter, browse friends' Facebook, Twitter and Instagram photos, feeds and more.

Cupertino, California - iPhone, iPad and iPod touch users who are fed up with managing multiple social network accounts and crave a solution that lets them fit their social life in one convenient place, can now download the remarkable new must-have app Social-Hub from developer Islom Kamalkhodjaev.

Social-Hub is an all-in-one social app that lets users easily, quickly and simply connect with their friends on Facebook, Twitter and Instagram so they can:

- * Powerfully browse their friends' Facebook, Twitter and Instagram photos and feeds
- * Easily and efficiently cross-post to Facebook and Twitter
- * Apply great visual effects and edit photos prior to publishing them on Facebook and Twitter
- * Conveniently "like" and view Instagram photos
- * Get more done in less time, which saves their device's battery life

Plus, Social-Hub has been designed to mimic the native look and feel of each social network app, so that users enjoy smooth, seamless and efficient interaction.

"Essentially with Social-Hub, users can fit their entire social life in one completely unique app," commented developer Islom Kamalkhodjaev. "And because we've integrated each native app's look and feel, users will enjoy the interaction that they're used to, except they'll be able to do more in less time - and have more fun along the way. Plus, we're constantly improving the app and are already planning on the next wave of great new features!"
