

## AlphaDigits Top Rated Apps December 2013

Published on 01/06/14

AlphaDigits releases the list of top rated mobile apps every month based on the reviews published in the website during the particular month. Now, it has listed five top rated mobile apps for the month of December 2013. Wiink, for uploading and sharing videos; Hiired brings jobs and employment seekers together in a common venue; Speaktoit Assistant is designed to be your personal assistant, and myevents assists you in knowing what events you have planned at any particular moment of the day.

Long Island, New York - AlphaDigits has named the top rated mobile apps for the month of December 2013.

AlphaDigits releases the list of top rated mobile apps every month based on the reviews published in the website during the particular month. Now, it has listed five top rated mobile apps for the month of December. Here is the list

**Wiink (5/5):** There are many apps out there that claim to be great venues for uploading and sharing videos; they may even cost a bit. However, Wiink is free and ready to use amongst all your friends show join the club. You can, with a single tap of your finger, record and then send to individuals, friends or customized groups of recipients, call Communication Loops.

**Hiired (4.8/5):** Hirred, from Wiink inc., is a neat app that brings jobs and employment s you get to sell yourself almost in real-time. As an employer, you get to bring life to the task at hand, and find the right candidate to get the job done.

**Speaktoit Assistant (4.7/5):** This is an iPhone app that is designed to be your personal assistant. It has an intuitive, easy to use interface that uses mostly voice commands. Speaktoit designs applications such as these, with talking interfaces. The basic services f more about shortly.

**myevents (4.3/5):** myevents refers to an application that gives you an easy way to control your day. It assists you in knowing what events you have planned at any particular moment of the day. If you find that you have problems keeping track of events, occasions and even tasks that you need to complete, this is the app to download.

**Best Gin Rummy (4.2/5):** It is a free app that immediately immerses the user into the world of Gin Rummy. The interface is clean and easy to use with large circular buttons for ? your cards are intuitively sorted in your hand by the app.

J through a new website this month. I hope we can give more details on this when we d onsite form to get their apps reviewed. They can contact by mail or the contact form to avail other marketing services.
