

Chest X-Ray Training - A radiography quiz for healthcare professionals

Published on 01/10/14

Polwarth Medical today introduces Chest X-Ray Training 1.0, a fun and educational quiz app for iOS devices. Featuring a clean, professional design, Chest X-Ray Training helps medical professionals brush up on their chest x-ray interpretation skills. With over 100 real clinical cases and over 380 high-quality images, the app tests the user's skills at identifying a huge range of cases. Common and rarer lung, cardiac, bone, mediastinal and soft tissue pathologies are all covered.

Glasgow, Scotland - Polwarth Medical today is proud to announce the release and immediate availability of Chest X-Ray Training 1.0 for iOS, a fun and educational quiz app that helps medical professionals brush up on their chest x-ray interpretation skills. With over 100 real clinical cases and over 380 high-quality images, the app tests the user's skills at identifying a huge range of cases. Common and rarer lung, cardiac, bone, mediastinal and soft tissue pathologies are all covered.

Users can post scores to social media, share interesting cases with friends and colleagues and even bookmark radiographs to return to them later. All of this, combined with its clean, professional design makes for an incredibly easy-to-use and fun quiz app. Chest X-Ray Training was created through a collaboration between an NHS doctor and a professional app developer.

Other Apps:

Chest X-Ray Training is the third Medical app to be created by Polwarth Medical, joining NHS Greater Glasgow & Clyde's GP Antibiotics app and Lab Results, a quick reference medical app designed for junior doctors, medical students and all other healthcare professionals.

Device Requirements:

- * iPhone, iPad, and iPod touch
- * Requires iOS 7.0 or later
- * 39.4 MB

Pricing and Availability:

Chest X-Ray Training 1.0 is \$2.99 USD (or equivalent amount in other currencies) and available worldwide exclusively through the App Store in the Medical category. For further information and for free promo codes, please contact Sam & Michael at Polwarth Medical.
