

NuOxygen releases Avoid - Sensory Overload

Published on 02/06/14

NuOxygen today introduces Avoid - Sensory Overload 1.0.0, its new dodge'em up for iOS. Offering an addictive arcade gameplay in the spirit of old coin games, Avoid - Sensory Overload is a frenetic, fast and challenging arcade runner. Your ship's mission is to survive as long as possible dodging obstacles and enemies with the help of various power ups. Select your game style with endless runner mode or a story mode in which you have to complete levels of different difficulty.

Bologna, Italy - NuOxygen today is pleased to announce the release of Avoid - Sensory Overload 1.0.0, an amazing dodge 'em up for iOS with hover ship disco visuals. Avoid - Sensory Overload is a frenetic, fast and challenging arcade runner with an eye catching graphical style. It offers an addictive arcade gameplay in the spirit of old coin games.

Your ship mission is to survive as long as possible dodging obstacles and enemies with the help of various power ups. Play the game while the background follows the music like a sound wave visualizer. Every theme is unique from the style to the music and gameplay.

Select your game style with endless runner mode or a story mode in which you have to complete levels of different difficulty , from easy to extreme. Post your high score into the leaderboards and try to reach the best Avoid - Sensory Overload players on earth. Move left, move right, collect power up, dodge obstacles, destroy enemies, die, get high scores. Complete increasingly difficult challenges and bang your head to the music's rhythm.

Avoid - Sensory Overload Features:

- * Randomly generated endless mode
- * Levels Mode
- * Multiple graphical styles associated to different musical genres
- * Beautiful original soundtracks
- * Power Ups
- * Dynamic backgrounds
- * Game Center Leaderboards and Achievements
- * Localized in 11 languages
