

Softpress releases Freeway 5.4 including updated CSS menu tool

Published on 07/14/09

Softpress Systems today launched version 5.4 of Freeway, its award-winning website design software. This latest update features an extended CSS menu creation tool and an AddThis social bookmarking Action. It also includes several other enhancements and bug fixes. Famous for its ease-of-use and clean standards-compliant code generation, Freeway is the tool of choice for professionals and home Mac users who want total design freedom and prefer to focus on design issues, not on coding.

Oxford, UK - Softpress Systems today launched version 5.4 of Freeway, its award-winning website design software. This latest update features an extended CSS menu creation tool and an AddThis social bookmarking Action. It also includes several other enhancements and bug fixes.

"As part of our ongoing policy to provide free value-added updates for our users, Softpress is pleased to offer version 5.4 with the improved CSS Menu Action," said Ian Schray, US Marketing Manager. "It's never been easier to create highly-configurable interactive navigation menus for your site."

New Features

Freeway 5.4 includes the redesigned CSS Menu Action, which allows for the easy creation of sophisticated navigation or content menus, and AddThis support which automates the process of displaying a social bookmarking/networking list to a web site, and more.

Pricing and Availability

Freeway 5.4 is a free download for all registered owners of Freeway 5. Freeway 5 Pro and Freeway 5 Express are both available for purchase and immediate electronic delivery directly from the Softpress Store. Freeway 5 Pro is \$249 (USD), and Freeway 5 Express is \$79.

Small Business, Great Business

Softpress is offering a special deal aimed at small businesses. For a limited time, buy a full-priced copy of Freeway and get a gift certificate for Amazon.com(R). More info on the Softpress Small Business page.

About Freeway

Freeway, famous for its ease-of-use and clean standards-compliant code generation, is the tool of choice for professionals and home Mac users who want total design freedom and prefer to focus on design issues, not on coding!

Softpress was founded in 1993 to address the emerging needs of professional publishers and designers for cross-media authoring tools. Freeway, and its extensive feature set, result from Softpress' ongoing efforts to identify and meet the real needs of web designers in today's environment. Softpress creates tools that many people rely on for their day-to-day business, so they listen carefully to their customers. Future upgrades and product offerings will continue to demonstrate Softpress' commitment to quality, leading-edge innovation and customer service.
