

Brainwash's a Valentine's Day Game For Singles To Breakup Romeo & Juliet

Published on 02/13/14

Singles can celebrate their solitude or vent out their anger and disappointment this Valentine's Day by breaking up lovers Romeo & Juliet in Brainwash: Mind Control, a role-playing strategy game released especially for the love season by GBoom Software. Brainwash: Mind Control is a narrative RPG that is presented in the form of an interactive visual novel. The player is to brainwash Romeo into breaking up with Juliet by using manipulative methods of mind control and strategy.

Chennai, India - Singles can celebrate their solitude or vent out their anger and disappointment this Valentine's Day by breaking up lovers Romeo & Juliet in Brainwash: Mind Control, a role-playing strategy game launched on Feb 5, 2014 especially for the love season by GBoom Software.

Brainwash: Mind Control is a narrative RPG that is presented in the form of an interactive visual novel. The player gets to enter into the world of 21st century lovers Romeo & Juliet as Romeo's room mate. The target set for the player is to brainwash Romeo into breaking up with Juliet by using manipulative methods of mind control and strategy.

The player can respond to situations and events in the game by making choices. The plot changes based on the player's words and actions. Every move (choice) made by the player can cause drastic changes to the situation, story and thus the overall plot.

Device Requirements:

- * iPhone, iPad, and iPod touch
- * Requires iOS 4.3 or later
- * 160 MB

Pricing and Availability:

Brainwash: Mind Control 1.0.1 is \$1.99 USD (or equivalent amount in other currencies) and available worldwide exclusively through the App Store in the Games category. The target audience of the game are teens, puzzle lovers, book worms and grownups alike.
