

Recosoft ships ID2Office 2.0 - Convert InDesign to Word, PPT and Keynote

Published on 02/20/14

Recosoft Corporation today releases ID2Office Standard and ID2Office Professional 2.0, the InDesign-to-Office formats conversion plug-in. Version 2.0 has been enhanced to operate with InDesign CC and is now a native 64-bit technology for both the Mac and Windows platforms. Additionally, ID2Office has been enhanced to convert InDesign documents to the Apple Keynote format directly. The plugin also exports nested InDesign tables to nested Word tables resulting in even more accurate conversions.

Osaka, Japan - Recosoft Corporation, the developers of PDF2Office(R), the PDF conversion solution for Office, OmniGraffle and Apple iWork; creators of PDF2ID(R), the PDF-to-InDesign plug-in; and PDF to Excel, Word, PowerPoint, JPEG converters for the iOS has started shipping ID2Office(R) Standard and ID2Office Professional v2.0, the InDesign-to-Office formats conversion plug-in.

ID2Office v2.0 is the newest version of the only InDesign to Word and PowerPoint conversion and export solution available. ID2Office v2.0 has been enhanced to operate with InDesign CC and is now a native 64-bit technology for both the Mac and Windows platforms. Additionally, ID2Office has been enhanced to convert InDesign documents to the Apple Keynote format directly. ID2Office v2.0 also exports nested InDesign tables to nested Word tables resulting in even more accurate conversions.

ID2Office converts the text, associated fonts and styles, paragraph structure, corresponding property information, frames linking information, tables, graphics and other InDesign object and document properties to the matching Microsoft Word, Microsoft PowerPoint and Apple Keynote object and file properties; converting every page into an equivalent page in the resulting Word, PowerPoint or Keynote file. ID2Office eliminates the need of recreating the contents of an InDesign file in Microsoft Word, Microsoft PowerPoint or Apple Keynote resulting in enhanced workflow automation.

Key New Features:

*** Integration with InDesign CC:**

ID2Office has been enhanced to operate and function with InDesign CC. InDesign CS5, CS5.5 and CS6 are supported as well.

*** Native 64-bit Technology:**

ID2Office v2.0 is now a native 64-bit plug-in, offering performance benefits on both 64-bit Mac and Windows platforms. In particular, conversions are now about 15-20% faster than previous versions of ID2Office (applicable to the InDesign CC edition of ID2Office).

*** Microsoft Word 2010-2013 native conversion:**

ID2Office v2.0 now converts InDesign files to native Microsoft Word 2010-2013 format in addition to the Microsoft Word 2007/2008 type.

*** Apple Keynote support (only for ID2Office Professional for Mac):**

ID2Office v2.0 converts InDesign files to Apple Keynote format (available only in the Professional edition for the Mac).

*** Nested Table support:**

ID2Office now accurately converts InDesign nested tables to nested Tables in Word and accurately represents them as separate Table objects in PowerPoint and Keynote.
