

Lightomania 1.1.0 - Global update of iOS puzzle; Android version release

Published on 02/26/14

Nravo Inc. today announces Lightomania 1.1.0, an update to their popular puzzle game for iOS and Android devices. Featuring a duo of charming fuzzy characters, a new version of Lightomania includes more than 70 challenging levels compiled into packs of logical skills tasks. Users must obtain 3 lightnings in a set amount of jumps to collect their wings and proceed to the next pack. The game also includes colorful animations and the ability to challenge friends.

Park Ridge, Illinois - Today Nravo Inc. is proud to announce the release and immediate availability of Lightomania 1.1.0 on the iOS and Android platforms. Comparing with the previous version, presented on the App Store not so long ago, this release includes a new level pack called PLAYROOM with 24 new levels added and becomes available on Google Play.

Lightomania 1.1.0 is a popular animated puzzle game for iPad, iPhone, and iPod touch devices, as well as for Android devices. Featuring a duo of charming fuzzy characters called "lightomaniacs," users must solve logic puzzles that enable the lightomaniacs to steal the light bulb.

The app features an exciting gameplay and introduces numerous challenges to the player. Different gameplay mechanics and elements make user experience differ from pack to pack. Users of iOS devices, who've already got the previous version of the app, are proposed completely new challenges in a new pack called Playroom: falling blocks, pendulum, movable truck with a lift element etc.

"We can't wait for our fans around the world to try it. The player will definitely like new features combined with already proved to be popular difficulties..," says Kristina Luchyn, Chief Marketing Officer for Nravo.
