

## Camera Plus Pro 5.0 - All New Looks For The Pro Photographer In You

Published on 03/13/14

Global Delight today announces Camera Plus Pro 5.0, an update to its popular photo capture and editing app for iOS devices. Camera Plus Pro is a simple yet professional quality camera app for shooting, beautifying and sharing great photos and videos on the iPhone and iPod touch. With completely overhauled graphics & a super efficient user interface and experience, version 5.0 has re-imagined to look and perform great with iOS 7. Live Filters now come with an easy arrow-based selection and more.

Udupi, India - Global Delight today is proud to release a new version of the hugely popular professional camera app. The new Camera Plus Pro brings a major redesign to the interface and workflow to complement iOS 7 and its style along with Full-Resolution Image Editing, HD Video Zoom, iMessage Sharing and much more! Users also get to experience fully featured smartphone photography with options like Focus and Exposure controls, Live Filters With Preview, Tweaking of Brightness, Contrast, Sharpness and much more in a slick and uncluttered manner. This gives users the freedom of complete control over their captures.

Camera Plus Pro brings a new and attractive take on pro smartphone photography by melding intricate capture options and powerful editing into a beautifully translucent package. Users get to choose from wonderful filters (both live and post-capture), record in HD, edit unlimited and share captures to multiple online services; adding to the amazing specs already present. Leveraging the new technologies that iOS 7 brings, extra care has been taken to ensure that the new Camera Plus Pro carries over the same level of expertise that made it the favorite of pros worldwide. Look out for speedier captures and even more hands-on editing!

Camera Plus Pro has enabled professional photographers worldwide to capture everything with elan. It was downloaded over 1 Million times since its inception and this update reflects the change in times - an elegant interface, buttery-smooth controls and a neat yet elaborate editing suite, complementing the direction iOS is taking. "Camera Plus Pro makes good use of the advancements made in the field of smartphone imaging and this update includes impeccable photography, powerful editing and fun sharing," said Mr. Guruprasad Kamath, Director of Marketing. With smooth and effortless navigation, slick app graphics and tightly knit camera controls, Camera Plus Pro offers professional level photography on the go.
