Featuring professionally built and fully tested frequency sessions, Unexplainable Frequencies offers professional audible frequency sessions above 30 Hz to help people heal, grow and change. These sessions fall into health and wellness, personal development, emotional strength categories and more categories will be added in the future.

Chico, California - iMobLife Inc. is proud to announce Unexplainable Frequencies 1.1, their health and fitness app for iPhone and iPod touch. This app offers professional audible frequency sessions above 30 Hz to help people heal, grow and change. These sessions fall into Health and Wellness, Personal Development, Emotional Strength categories and more categories will be added in the future.

Unexplainable Frequencies(R) produces "audible frequency sessions" above 30 Hz. Below 30 Hz, the ear can not hear. So Binaural or Isochronic technology is necessary. At about the 30 Hz mark, the ear can start to hear the frequencies, so direct frequencies can be used. Since your ear can hear these frequencies, you can tune your brain to these selected frequencies with the actual frequency itself.

Features:

- * Each frequency session has a free sample for you to listen before the purchase
- * Multiple frequency subjects for your choice
- * Build your own playlist to manage your listening order
- * Elegant design and Easy to use interface
- * Professionally built and fully tested frequency sessions

Sessions available now:

Stronger Muscles, Healing Energies, Relax Muscles, Fight Fatigue, Headache Relief, Spleen and Blood, Decongestion, Stomach and Ovaries, Advanced Brain Function, Problem Solving, Increased Intelligence, Artistic Abilities, Speech and Creativity, Boost Confidence, Emotional Acceptance, Revitalization, Warm Heart, Mood and Awareness, Visualization and Love, Conflict Resolution and more to come.
