Barcelona (Catalonia), Spain - BCNmultimedia and Anno Domini International announce the release of The Activity Bible for Kids under 7 app and The Activity Bible for Kids over 7 app. Each app contains 42 Bible Stories with 84 activities directed at boys and girls under 7 years/over 7 years to make teaching the Bible more effective. On the other app you will find the same 42 stories explained with a language most suitable to their age and with activities that fit their level.

The stories you will find in The Activity Bible apps are adaptations of the Bible texts with a level of language and comprehension to fit each age. Su Box and Leena Lane adapt the Bible texts and Graham Round is the author of all illustrations. The activities of The Activity Bible are useful to help remember certain points of the story in a more ludic way. The app allows you:

"According to the features of the place, what devices you have and the number of people, you will always be able to find a way to adapt the app to your educational needs", stated BCNmultimedia's CEO Toni Matas.
